

## 1984 Norfin Brochure

They may be small,  
but they move very quickly.

**500 1 1/2" Pentrolls** Very simply, the shortest Norfins on earth, they're comfortable living on pencils and pens. Since it's the motion of the writing instrument that makes their blood circulate, they'll love it when you write orders. (Comes packaged in a box of 50.)

To meet the Norfins in person,

# OUR DANISH SELL LIKE HOTCAKES

Fresh from Denmark  
and ready to go,  
Norfins<sup>®</sup> are making  
all America smile.

# From Scandinavia comes the second generation of Trolls, bigger, bushier, more loveable than ever.

The Norfins® are here, and they're making people everywhere smile. Young children are experiencing a whole new world of playmates and chums; teens and pre-teens want them for companions. Not only are they huggable, but when you need someone to talk to, they look like they'll understand.

They come in *forty-five* models, all hand finished and made of PVC, with many featuring moveable head, arms and legs. Best of all, every one of them has a unique personality and reflects a different mood. Discover the story each has to tell. It's all in the eyes!

# From the Norfin® Family Album...

144 8" These two are the wise and gentle ones of the lot. They offer advice, kind words and make peanut butter and jelly sandwiches when you're hungry. (L-R 1441, 1442)

700 14 1/8" Here's Grandma and Grandpa. Of course they miss the old country, but they wanted to be as close to the little ones as possible. You'll love their crinkly, wrinkly faces, and they'll babysit for you in a pinch. Moveable H, A&L. (L-R 7001, 7002)

806 18" As you can see, this happy threesome has a theatrical streak. They love to act and sing and dance, but sometimes, when things get rough, the little miss on the right sucks her thumb for consolation. Moveable H, A&L. (L-R 8061, 8062, 8063)

603 7 1/2" Hilda and Thor love the movies. You needn't buy them a seat, though: at 7 1/2" they can easily fit into a carton of popcorn if you'll only take them along. He loves *Star Wars*. She loves *Lady and the Tramp*. (L-R 6031, 6032)

**"We love our adopted country," say the Norfins.**

143 10<sup>1</sup>/<sub>2</sub>" George and Georgette, on the left, will always look up to you while Erik and Erika are more down to earth. Here they're seen in a candid shot at the wedding of their cousin Inge just as the bridal bouquet

has been thrown. Erik secretly hopes that Georgette will catch it and that the two of them will be next. Moveable H&A. (L-R 1431, 1433, 1434, 1432)

400 Banks These are the Norfin pets—turtle, whale, mousey, piggy and the seal—but don't think they just lie around the house waiting to be stroked. Look closely and you'll see that each of them is guarding a piece of

the Norfin treasury. The Viking, also a bank, is being trained in security. All banks are lockable and come with a key. (L-R 477, 455, 488, 444, 499, 466)

They're not just adorable, they're smart, too.

520 5 1/8" Brigitte, Astrid, Olga, Liv and Lerne are inseparable and often take long walks down by the river discussing philosophy and fashion. These little sisters are available only in half-dozen mixes.

520 5 1/8" These funny faces are terrific if you want to start a cheerleading team. Kirsten and Litten (bottom two on right) are sure to be asked out first by every quarterback in the area. Available only in half-dozen mixes.

604 9 3/4" Watch out for the two fellows up top—the mischievous ones in the bunch. They love to pull their sisters' hair and steal their cakes and cookies when no one's looking. Moveable head and arm. (Top row L-R 6041, 6042.) Bottom row L-R 6043, 6044, 6045, 6046, a thumbsucker, refused to have her picture taken.)

330 11 1/2" For today's parents, these "anatomically correct" babies are serious business. So however you pick them—in T-shirts or playsuits—treat them with the respect they deserve. But don't forget to burp them after each meal. (All models are fully jointed, including an unsexed version. Top L-R 3304, 3303. Bottom L-R 3303, 3301, 3302.)

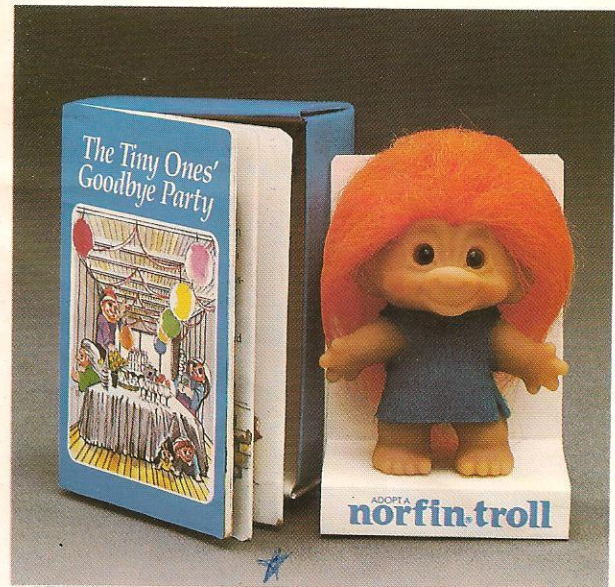

## As Danish legend has it, Norfins can make you rich.

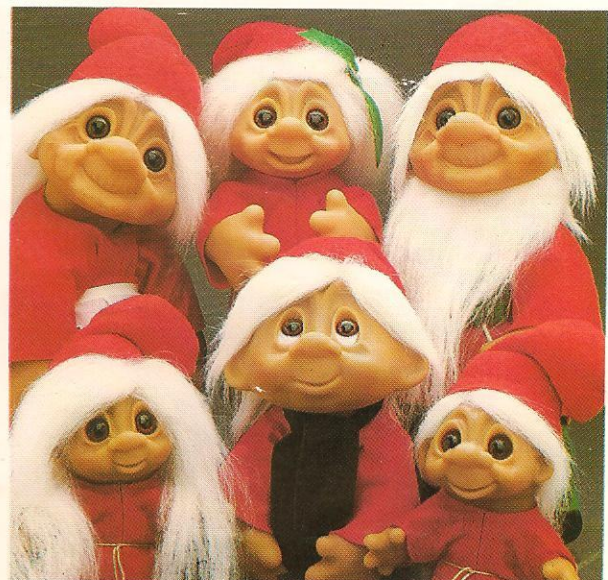

**250** 7<sup>1</sup>/<sub>2</sub>" Norfins love lingenberries more than anything, even hamburgers and french fries. *The Lingenberry Gang™* (boys on the left, girls on the right) roams the world searching for the very rare seeds of their favorite fruit. Notice their distinctive pouches designed by Calvin Knorfin. (Sold in assortments of 3 boys and 3 girls, packaged individually. Moveable H.)

**502** 3<sup>3</sup>/<sub>4</sub>" These little girls may be tiny, but they have the biggest hearts. A note of caution: they hate being mistaken for Christmas tree ornaments and would much prefer having roast duck with the rest of the family.

**101** *Storybook Doll* 4<sup>1</sup>/<sub>4</sub>" x 2<sup>3</sup>/<sub>4</sub>" If you're still not sure whether Norfins are really people, check the *Encyclopaedia Norfiana* or better yet, read *The Tiny Ones' Goodbye Party*, the 5-page saga of how they left the old country. Packaged inside is a 3<sup>3</sup>/<sub>4</sub>" Norfin (model 502) who is literate in five languages.

*Christmas Norfins* Look who stopped over at the Norfin Pole and picked up these Santa suits. Grandpa and Grandma Claus (14<sup>1</sup>/<sub>2</sub>" ) and the kids. Top L-R 7003, 1434, 7004. Bottom L-R 1442, 1431, 1441. Erik (1432) and Georgette (1433) are not shown because they couldn't be dragged away from the mistletoe.
